## TAVERN

A tavern with beers from every region in Bavaria? The museum's tavern keeper turns the tavern into a beer-tasting taproom that serves regional wines too, of course. The menu features a wide variety of treats from Aschaffenburg to Lindau on Lake Constance that make the culinary culmination of a museum visit perfect.

The beer garden located right on the Danube with a view of the Old Town and the Stone Bridge has a special charm of its very own.

## GUIDE TO THE PERMANENT EXHIBITION

### Dear Visitors,

we show how Bavaria became a Free State and what makes it so distinctive in the **PERMANENT EXHIBITION** on the upper floor, starting in the period around 1800 and ending in the present. You can see the history preceding it in the **PANORAMA FILM** on the ground floor.

Arrows on the floor will help you easily find your way through the exhibition. Nine **GENERATIONS** make up the largest part of the exhibition. We have brought four histories on stage per generation. These special installations even look like theater.

You can also view eight **CULTURAL SHOWCASES** that present distinctive cultural features associated with Bavaria – from language to sports through nature. There are numerous hands-on activities for you at the cultural showcases, which are marked by dotted arrows.

There is also a **DISCOVERY TRAIL** for children – recognizable by its light green walls and play elements. The stations are located behind the stages and here on the map.
